

# Kitchen Tiles

MyTyles is an Online Retailer in the tiling industry based out of Bangalore, India. The first Indian tile company to offer tiles in both online and offline stores, transparency, variety, and perseverance form the backbone of our organisation. Bringing together a wide range of imported and homegrown tiles from the finest manufacturers across the globe has allowed us to cater to the needs of a modern homeowner. Since 2016, we have been committed to a vision of a world where Indian consumers can shop for tiles from the comfort of wherever they are over taps and clicks. Showcasing little known, historical, ethnic and trending items together under one brand name is only the first step in that direction.

Alternating between crisp, solid intersecting lines and striated beehive patterns, this glossy vitrified wall tile by MyTyles sets the tone for any space without impeaching on the decor style or the aesthetics. Set on a snow white base glaze, the sparse grey ribbons run throughout of the body of the 2 x 1 feet vitrified tile. The luminous interplay of stress and wider ribbons collectively give the impression of an authentic Italian Calcutta marble whereas the stylistic positioning of beehive patterns create a geometric effect.

With a symmetric use of wavy shaped motifs, vibrant earthy tones, and an impeccable wall-paper like design, this 12x 12 inch Moroccan wall and floor tile by MyTyles paints an ethnic silhouette to create a bold statement. An instant conversation starter, this ceramic tile makes a viable candidate for a wide variety of wall facades and flooring remodels. The sizable design and encaustic shapes are matched with a sleek matte finish making it an ideal choice for large surfaces with a strict timeline. Particularly beneficial in dual-countertop kitchens adjoining the living areas, bedrooms, sink backsplashes, shower walls and floors, indoor accent walls and floors, and much more, use this ceramic wall and floor tile for end-to-end residential and commercial remodels.
